

DISCOVER PARENTING Guidelines - 2018

Dear teachers, students and friends, USEP-OHIO is happy to announce we are celebrating a new year of Discover Parenting! We are sending you dates and forms to use as you enter **the 2017-2018** project! The following helps you describe the project to others, and includes participation forms and information.

Cindy McKay

Photos will be on display at the Statehouse, may be at the Ohio State Fair, and at several conferences throughout the year.

Discover Parenting is an educational program sponsored by United Services for Effective Parenting-Ohio, Inc. (USEP-OHIO) that features classroom study and culminates with a photo project. The lessons, written by teachers, allow high school and middle school students to explore critical thinking and feeling about the issues of safe and responsible parenting. Students conclude the project by submitting a photo with a caption related to the contest theme, "How Does It Feel to be a Safe & Responsible Parent?" In May, Ohio advocate/leaders assist with judging entries displayed at the Riffe Center for Government and the Arts in Columbus. The goal of the display is to bring Middle and High School students' work to the Ohio legislators, whose decisions impact their lives on a daily basis, in a place where all Ohioans can view it. See registration form end of this document. Go to USEP-OHIO.org and click to see 2010, 2011, 2012, 2013, 2014, 2015, 2016, and 2017 winning photos and prize awards. Winners for each year will be posted for viewing, and all entrants displayed in the PowerPoint files linked to each page.

Discover Parenting Photo Display entries must be received by April 1, 2018, for the 2016 (2015-2016 school year) Exhibit. The display will be open throughout the month of May and possibly into June. Please note the winning photos will be identified with colored ribbons denoting each place, 1st, 2nd, 3rd, and Honorable Mentions on by **June 2018**. Cash awards are given to recognize winners (students and teachers) in this statewide competition, paid out during the weeks following.

Attention Teachers! An *action project* category has been added to Discover Parenting with the support of the Agnes Beaton Memorial Fund for safety education from the NAWHSL (National Association of Women Highway Safety Leaders).

Using a "students as teachers" model, the action project requires student-led presentations to young children (i.e. preschool, kindergarten, etc.), their teachers and parents that

- ❖ teach safe seating in vehicles
- ❖ enhance school curricula, FCCLA, or other projects on safety, leadership, parenting, and early childhood
- ❖ produce a report portfolio, with photos and tools (documents/videotapes, etc.) to be shared and displayed locally in Ohio and at the national conference
- ❖ develop safety advocates among youngsters, parents and teachers
- ❖ develop local support for student school programs

The goal: to reach Ohio children, adolescents, parents/grandparents, and professionals with information to save lives and reduce injuries caused by poor occupant protection.

(Action Projects may include the Financial Responsibility Project, traditional family safety issues, or include both areas. See more about the financial responsibility project below. The may be submitted for other projects or required activities.)

This project can be done by a class or a small group of students in conjunction with the Discover Parenting photo project. A group photo and brief summary of the project must be submitted by **April 1, 2018**, so participation in the action project will be recognized as part of the Discover Parenting Display. **Final materials and a notebook or portfolio need to be submitted by May 6, 2018.** As the deadlines approach teachers may wish to verify deadlines.
